Dear Miss Patterson.

Many thanks for the trouble you have taken about the sailings. I do not want to sail on the "Corsican" if I can get a better steamer, though I am afraid that if I let her go I may not get another till August, & that is too late for me. I must wait & suppose & let events decide.

With regard to the graduate calendars. Will you ask Miss Mackenzie to have half a dozen sent to the Registrars of the universities & colleges of the Dominion, & one also to each of those who are getting fellowships. By the way do you know whether I wrote to those who applied but were not awarded fellowships?

With kind regards I am

Yours sincerely

Robt. A. Falconer.

P.S. Since the calendars are in my office perhaps you would have them done up & get Archie to dispatch them.

July 12. 1918

Dear Miss Patterson.

Many thanks for your letter & the telegram which I got tonight. Tomorrow morning early I will send my answer, asking you to fix the matter & to let Col. Clarke know at Ottawa not to keep any reservation for me. As to payment of the ticket - I will send a cheque if you will let me know definitely the amount. I had better take the $160.00 ticket, if that is the price. I think also that your suggestion of telegraphing to the British Shipping Office is a good one. Will you also please attend to the visé-ing of the passport by the American Consul. Also when you know definitely when I am to be in New York will you kindly write to the Prince George Hotel (near 5th Ave - 28th & 29 St.) & ask them to reserve a room for me. I suppose that I shall have to go from Buffalo on the Wednesday afternoon train. I have written to Mr. Pemberton of the Can. Bank of Commerce about money arrangements & will see him on Thursday -

With regard to the fee for auditing those accounts - it seems to me to be very large, but will you ask Mr Monré what he thinks of it and whether it should be sanctioned by the Board.

I am greatly indebted to you for all the trouble you are taking

Yours sincerely
Robt A Falconer.

P.S. I am enclosing cheque.
I have not yet got my accident policy. Will you kindly telephone to Mr Woodland & say that I want it before I leave next week

July 5th. 1918

Dear Miss Patterson.

On Wednesday I telegraphed to Mr Thorley in answer to a wire from him that I could not sail so soon as the 13th. Indeed I had told him so when I went to see him. I do not wish to leave Toronto before July 16th - that means here not before July 15th. I feel inclined to accept the offer of Col. Clarke provided he can get me a decent ship about the 18th. Would you mind asking Mr. Thorley and the Cunards whether they expect to have any boat that would leave New York about that date? If they have not I will be

free to accept Col. Clarke's offer when it comes. If they have I will probably be decided by the kind of boat that is to go from the Canadian port. If it is poor I will take the New York boat. Possibly however the facts will decide for me which I must take in order to reach England by August 1st. If you telegraph to me at Huntsville & ask them to phone to me at M. ~~Jos~~ Joe May's, in case of an urgent decision, I could soon let you know what I will do.

These are pleasant restful days. In the morning I work hard for two hours digging weeds & hoeing potatoes & read & enjoy myself the rest of the time. I should like nothing better than to spend the next two months quietly here, but my duty is clear. I can serve the University best by going to England this Summer.

The boys are very well & I think that Miss Gaudier is better.

With kind regards I am
Yours sincerely
Robt A Falconer.
